Our mascot is the Osprey!

It is a form of hawk and it symbolizes VISION, SKILL, ABUNDANCE, and VICTORY!

Message from the Principal

Fall Information

Welcome parents, students, and community members to the 2025-2026 school year! Our school continues to grow as word spreads about both our high school and middle school programs. We are proud of our Commendable Rating from the Florida Department of Education. The accomplishments of our students as they reach their goals, speaks for themselves. We welcome all visitors and encourage them to set up a tour of our facility. You will be impressed with our academic environment, motivating program, and positive school culture. Parents are encouraged to stay in touch with teachers and follow their student's academic progress. Together we will support your child in making good choices for their future. Respectfully, Mr. Nauss

Graduation News

This year's graduation will take place on June 2, 2026. We are looking forward to the graduation ceremony for all students that meet the State of Florida requirements within the 2025-2026 school year. Our ceremony is shared with our two sister schools, North Nicholas and Coronado High Schools. We look forward to celebrating with students and their families.

School Information

Details

- +We now serve students in both Middle School and High School!
- +Teachers meet with students regularly about academic progress as well as communicate with them and their parent(s) about attendance.
- +We provide LeeTran bus passes for students to get to/from school.
- +Our Career Coach will assist students in job searches that meet their skills.
- +There is no known asbestos in our building at IPMHS.

Out of Field Teachers

Teacher Certification

All of the Island Park Middle and High School teachers are required to be certified through the State of Florida as are all public school teachers. Teachers can become certified in a variety of areas. Many hold multiple certifications. A state requirement is that teachers are allowed to teach in an area they are currently working in while earning an additional certification for that subject. A notification must be sent to parents.

Notification: Ying Li is teaching Out of Field in Math.

We are proud of our teachers and their willingness to continue their education through university classes, master's degree programs, and staff development courses.
